Training toolkit for improving digital competences of teachers @ Moodle

We present to you the Moodle course for improving the digital competences of teachers, developed within the Erasmus+ project D-PBL: Advancing project-based learning in the digital era. Available through our e-learning platform, this course provides valuable resources and practical insight tailored to your needs.

Why Enroll in this Moodle Course?

- ⚙️ **User-Friendly:** Easily navigate through materials, modules, and interactive content.
- 📖 **Comprehensive Content:** Access lectures, quizzes, and additional resources at your own pace.
- 🤝 **Networking Opportunity:** Connect with other course participants and engage in collaborative activities.

Course Highlights:

- **Interactive Modules:** Experience dynamic content designed to maximize engagement.
- **Practical Resources:** Get access to case studies, best practices, and tools you can apply immediately.
- **Compliance with DigCompEdu:** You will acquire competences in accordance with the European Digital Competence Framework for Educators.
